## **EDITORIAL**

The Reading Association of Nigeria (RAN) is an affiliate of the International Reading Association. The association was inaugurated at the end of an International seminar on Reading held in Zaria from August 9 to 13 1982 by the Institute of Education Ahmadu Bello University, Zaria.

The Association had held fourteen biennial conferences and three midterm conferences. It published quality articles which were peer reviewed from the articles presented at the conferences. This edition is the fifteenth publication emanating from the last conference. It is a special edition because the papers published were selected from the papers presented during the third midterm conference held at the University of Nigeria, Nsukka.

The midterm conference threw its search light on **Literacy, Learning Spaces, Strategies and Opportunities in the Information Age.**

This 15<sup>th</sup> edition contains well researched position and empirical articles which will enrich readers' knowledge in their chosen fields.

**Professor Gabriel Oyinloye**

*National President*

*Reading Association of Nigeria*
